

POSITION AND CANDIDATE SPECIFICATION

Welder/Fabricator I

COMPANY OVERVIEW

Pearl designs and builds standard and custom high-speed machine attachments for punching holes, perforating, and slitting for the converting industry. Pearl also offers blown film extrusion process enhancements that improve film quality at higher outputs while reducing maintenance. Pearl Technologies success and reputation are built on outstanding customer service, innovation, quality, speed, and delivery. Pearl Technologies has revolutionized the plastics industry with over two dozen patents, a lineup of over 3,000 solution-driven products and 13,000 parts to thousands of customers in every continent of the world. Last year was a great year for the company and we expect our double-digit growth trajectory to continue. All the action now takes place in Pearl's 41,000 square foot headquarters located in Savannah, NY.
